Design: _____ Talocci Design

Il rito della sauna si completa con la zona doccia, accuratamente progettata nel pieno rispetto della tradizione finlandese.

› Tutta la zona sauna è rivestita in legno di Hemlock canadese, il materiale più pregiato utilizzato per le saune finlandesi.

› La struttura esterna alla sauna è disponibile in tre finiture standard o con cromie personalizzate.

› Disponibile anche nella variante Filo (senza pedana) per la massima integrazione con l'ambiente.

The sauna is completed with a shower area, carefully designed to be faithful to the Finnish tradition.

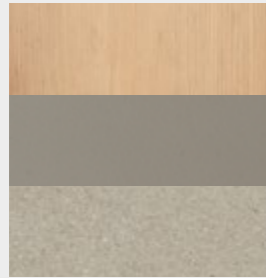

› The entire sauna area is clad in Canadian hemlock wood, the most highly prized material for Finnish saunas.

› The outside of the sauna is available in three standard finishes or with personalised colour schemes.

› Also available in the Filo model (without the platform), allowing it to fit seamlessly into its surroundings.
